LT BUSINESS PARK
OXNARD, CALIFORNIA

Oxnard's blend of strategic access, dynamic market environment, and strong economic foundation makes it a smart choice for industrial real estate investment.

- Proximity to the Port of Hueneme creates optimal conditions for trade-dependent logistics and manufacturing.
- Access to highways and rail provides first class distribution hubs.
- A diversified economy and reinforced workforce position it as a stable regional hub.
- Rising rental rates and market tightness present strong case for purchasing

SPECIAL BENEFITS AVAILABLE TO OWNERS OF COMMERCIAL CONDOMINIUMS

Commercial condominium units have their own parcel numbers, and buyers own their units in fee simple.

Owners can customize, refinance, rent out, or sell their units at any time.

Business owners who occupy their units enjoy many benefits that are not available to tenants, including:

- Control of their business facilities
- Protection from rent increases
- Favorable financing at low, fixed rates.
- Equity growth by paying down their mortgages, instead of a landlord's
- Potential appreciation in the strong California real estate market
- Valuable tax deductions
- Maintain the quality and value of their property and control their operating costs through their owners' associations and professional property managers.

90% Financing

Financing is available to qualified borrowers for up to 90% of the cost of buying and customizing owner-occupied business condominiums at LT Business Center through SBA loans and up to 85% of a unit's value from private banks.

Under the SBA 504 program, a business owner makes a down payment of 10% of the value of the unit, including any expected costs of customization, and borrows up to 50% of the value from a bank and 40% of the value from SBA. The amount of monthly payments can be fixed for up to 25 years.

SBA 7(A) program loans funds up to 90% of the value of owner-occupied business real estate, customization, and equipment at adjustable rates with payments amortized over 25-year terms.
